SaaS Operations professional with 1.5+ years of experience in enterprise client servicing, QA/UAT, ticket resolution, and cross-functional coordination across BFSI, Insurance, Energy, Mining & Natural Resources, Financial Services, and Corporate Services. . Skilled in stakeholder management, timely issue resolution, process improvement, and operational efficiency.

EXPERIENCE

Associate (Member of Technical Staff) **April 2025– October 2026**

Kognoz Innovations Private Limited - Konverz AI

- Coordinated enterprise SaaS clients across BFSI, Energy, and other sectors, including Bharti AXA, Vedanta, Hindustan Zinc, TPF, and Petronas, managing requirements, communication, and delivery.
- Collaborated with Engineering, QA, and Customer Success teams on functional testing, UAT, defect tracking, pre-go-live checks, and release validation to ensure product quality.
- Owned and resolved 300+ support tickets across three quarters, achieving same-day resolution for routine issues and 2–3 day TAT for complex cases through prioritization and escalation.
- Demonstrated end-to-end ownership of client requests and process improvements; designed a one-click automated reporting solution, reducing manual effort and turnaround time.
- Developed client presentations, product walkthroughs, training decks, and cohort materials, coordinated stakeholder sessions, and converted client feedback into product improvements.

Associate – Project Coordination **October 2024- March 2025**

SoulCurry Media Private Limited

- Supported client-facing project operations, coordinated deliverables, maintained project documentation, and tracked timelines to ensure timely execution.
- Collaborated with internal teams to address operational queries, monitor task progress, and communicate regular updates to stakeholders.
